A Fortunate Combination: Artistic Skill, an iPad, and Procreate

I feel truly blessed by our local Hindu Jain Temple! Here's an interesting story—may be God really did fulfill my wish.

During the temple's Diwali dinner, my paintings are auctioned for the temple's benefit. A few years ago, I donated a Ganesh painting for the auction, and it received the highest bid of \$650!

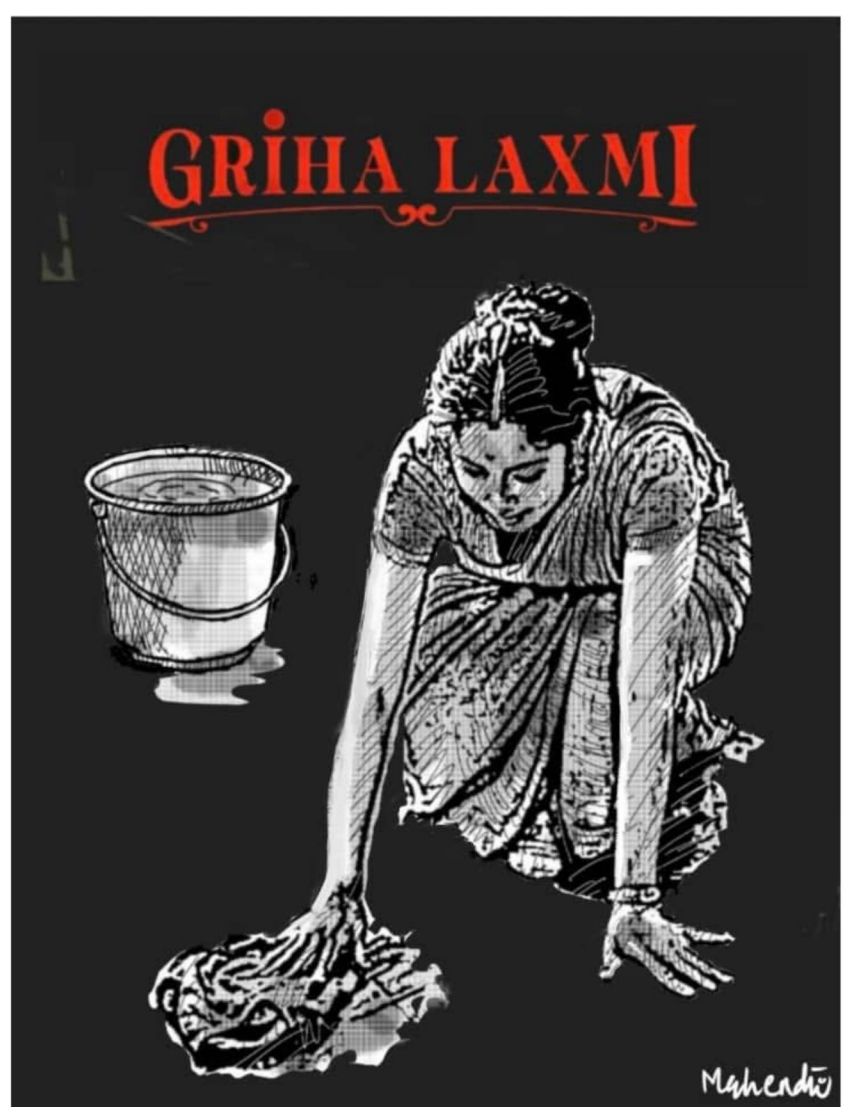

Immediately after the auction, there was a raffle draw featuring gifts donated by guests, businesses, and promoters. And guess what? Right after my painting was auctioned, I won an Apple iPad in the raffle! It felt like divine intervention.

Winning that iPad inspired me to explore digital art. I started using Procreate with the Apple Pencil, and over the years, I honed my skills. My artistic talent was always there, but the iPad and software took it to another level.

I am truly blessed!

Real life humorous story:
You don't need any add'l decoration!

A best compliment for Indian women!

As we planned for our daughter's wedding, like all Indian parents, we knew that entertaining 400 guests would not be an easy job. You need several months of planning, not to mention significant financial resources to make sure it all goes well. To make the job easier, we hired a wedding planner.

As the cost of the wedding goes up, so does her commission! During the process, we had several meetings with her to work through the details as the date fast approached. I asked Cathy, our wedding planner, to prepare unique and elaborate decorations. Much to my surprise, Cathy provided a very spontaneous response. "Trust me Mr. Shah, last month I just did a wedding for Mr. Patel's daughter. We had no decorations at all!" Without a single thought to her commission, she continued. "Indian women in their sarees with bright colors and glitter look so beautiful, you don't need any other decorations in the hall." What a great compliment to Indian women!

આપણાથી ગંદિ બને

ભીડ સાથે ચાલવાનું, આપણાથી નહિ બને,
ને બધા જેવા થવાનું, આપણાથી નહિ બને.

તું, હૃદય મારું તપાસી દોસ્તી કરજે અહીં,
જાતને શણગારવાનું, આપણાથી નહિ બને.

હું અઢી અક્ષરની વાતો જાણવા માંડ્યો બધી,
પણ તને સમજાવવાનું, આપણાથી નહિ બને.

તું ભલે વરસાદ જોજે બારીએથી, દોસ્ત પણ,
સાવ કોરા રહી જવાનું, આપણાથી નહિ બને.

આપણું અળગા થવું મંજૂર રાખું પણ તને,
કાળજેથી કાપવાનું આપણાથી નહિ બને.

મારી રીતે જીવને હું શિવ બનાવું છું પરંતુ,
રોજ પથ્થર પૂજવાનું, આપણાથી નહિ બને.

જયેષ્ઠ પટેલ

લાઈક કરવા જેવું લાગ્યું તો કરશું જરૂર લાઈક અમો;
બાકી ખોટું ગમાડવું, ગમવાનું આપણાથી નહીં બને!
